Passenger Information & Declaration *(read & completed by the Passengers)*

I understand and accept that this flight is operated under cost-sharing regulations and is not Commercial Air Transport (CAT). This means:

- Cost-shared flights are recreational, non-commercial flights between private individuals. The pilot must not make a profit, and all direct flight costs are shared equally among everyone on board, including the pilot.
- The aircraft, pilot, and operation are not subject to the same level of oversight, checks, or safety standards as airlines.
- Private pilots are not required to undergo the same level of training and medical checks as commercial airline pilots.
- The aircraft is maintained to standards for private flying, which differ from those for commercial airlines.

By signing below, I acknowledge that I have read and understood the above and accept the risks associated with participating in a cost-sharing recreational flight. **All passengers must complete and sign this form:**
